## PRODUCT CATALOGUE

## WELCOME TO CASTLO LUBRICANTS CATALOGUE

The **Castlo** range of products has been designed and manufactured to specifically meet the needs of its customers and continues to protect and prolong the life of your equipment.

### Company Profile

**Castlo Lubricants** was formed in 2010 to formulate, blend and market a range of automotive, commercial, industrial and agricultural lubricants and greases specifically to perform and protect under the arduous GCC climatic and operational conditions meeting the most stringent of U.A.E and international standards. Castlo Lubricants remains wholly U.A.E owned and operates out of a newly constructed state-of-the-art blending facility in Ajman, U.A.E.

**Castlo Lubricants** supports a growing network of distributors throughout U.A.E. With the experienced team we have, Castlo will continue to explore and service new opportunities with great Success.

The **Castlo Lubricants** Personnel aim to build long-term, mutually-beneficial relationships with all of our customers. **Castlo** prides itself on its enviable reputation for its consistent quality of product and service to its customers while still being competitive in the market place.

### Our Mission

**Castlo's mission is to be the unparalleled lubricants supplier** In U.A.E. Our success is based on our ability to consistently provide product as well as better and more effective solutions for our customer's ever changing needs. We commit to being innovative and responsive whilst maintaining products and services to our customers at competitive prices. Our goal is to ensure we meet our customer's, staff's, suppliers and management's expectations in the delivery of our products and services to the market-place.

### The Castlo People

**Castlo team has a wealth of knowledge gained from** years of service in the industry and are only too willing to pass on their advice for smarter, more efficient lubricant and equipment solutions. **At Castlo, we recognise that our people are our most** valuable resource. Regular training of our staff is essential in developing professional people to look after our customers.
